

LEADERS IN ENHANCED HEAT TRANSFER

Refrigeration, Food, Beverage, Fishing, Chemical Process and Oil/Gas
"U" "UM" and "R" stamps with design/build capabilities per PED, DNV, API, CRN
Pioneers in Enhanced Heat Transfer for Natural Refrigerants

Shell and Tube & Plate and Frame Evaporators, Condensers, Oil Coolers
Floor Warming Exchangers, Desuperheaters, Subcoolers
Ammonia Spray Chillers, Red Water Chillers
Horizontal and Vertical Pump Recirculators, Pressure Vessels
